Agma Marino

Agma Marino

Marino, o azul suave do quinto elemento.

Resultado de uma apurada investigação e desenvolvimento técnico da Costa Verde, Marino é uma nova abordagem de aplicação de vidro de cor, caracterizado pela irregularidade e efeito degrade.

A linha Agma, marcada por relevos ondulados, num jogo de reflexos e sombras, promove assim um conceito inédito, criativo e disruptivo à arte de empratar.

Marino, the light blue of the fifth element

Considered as the outcome of careful research and technical development by Costa Verde, Marino is a new approach to the application of coloured glaze, characterised by its irregularity and degrade effect.

The Agma collection, marked by wavy reliefs, in a game of reflections and shadows, thus promotes a new, creative and disruptive concept in the art of plating.

A line with a sense of performance, visual, touch, practical and inspirational!
