GLASSWASHERS

H O B A R T

PROFI GC

The compact model for professional requirements in the catering industry. With only 1.7 liters of water consumption, it is the most economical glasswasher on the market. Rack size 400 x 400 mm, compact installation height of 705 mm.

PROFI GXC

The ideal solution for larger quantities, but with a low machine height. Ideal for installation under a bar. Rack size 500 x 500 mm, compact installation height of 705 mm.

PROFI GX

The large PROFI model for catering businesses with larger volumes. Rack size 500 x 500 mm, installation height of 825 mm.

PREMAX GCP

The compact model meets the highest requirements and has great operating comfort. The PREMAX GCP supports the drying process for the glasses. With only 1.7 liters of water consumption, it is the most economical glasswasher on the market. No steam is released when the door is opened. Rack size 400 x 400 mm, compact installation height of 705 mm.

PREMAX GP

The premium model with integrated drying ensures perfect drying results. It is the ideal solution for under-bar use, as no steam escapes when the door is opened. Rack size 500 x 500 mm, installation height of 825 mm.

FRONT-LOADING DISHWASHERS

H O B A R T

PROFI FX

The PROFi model for easy and reliable washing of glassware, cutlery and crockery. Ideally suited to the demands of the catering industry.

PROFI FXL

The PROFi model with the XL loading depth washes GN bins, bread crates and butcher's boxes with ease. It is therefore the ideal partner for bakeries, butchers and fast-food companies.

PREMAX FP

The PREMAX model with integrated drying ensures perfect drying results. With a water consumption of just 0.8 liters, the PREMAX FP is the most economical front-loading dishwasher on the market. In addition, it is also the only dishwasher that can use hot steam to remove extreme soiling. With TOP-DRY drying as standard.

CONTINUOUS DISHWASHERS

H O B A R T

PROFI

The professional dishwasher line with numerous equipment options - all inclusive.

PREMAX

The most economical and innovative premium line with unique product feature.

KITCHEN ITEMS

ELECTROLUX

COOKLINE 700XP

ELECTROLUX

The new 700XP cooker includes a number of smart innovations that make cooking more efficient and increase productivity:

- The High Power Induction Top and wok increase performance and reduce heat release. This allows you to save and create a more pleasant working environment.
- The electric hob offers small, intensive kitchens higher productivity compared to standard electric hobs.
- The exclusive 'flower flame' burners guarantee flexibility and high efficiency. Due to their unique shape, the flame adapts perfectly to the diameter of each pan.

VEGETABLE SLICERS & CUTTERS

ELECTROLUX

TrinityPro Vegetable Cutters, Cutter Mixers and Combi Cutter-Cutters are ergonomic, safe and deliver exceptional results. They are BPA-free and have an ErgoCert 4-star ergonomic certification. TrinityPro combines incomparable quality and power with minimal space requirements.

 **Electrolux**
PROFESSIONAL

PLANETARY MIXERS

ELECTROLUX

Maximum performance. Compact yet powerful. Robustness above all else. A wide range of planetary mixers from 5 to 40 liters. Easily add ingredients during use. Easily remove the splash guard without tools thanks to the clip system, for perfect hygiene.

Strong performance in kneading, mixing and blending thanks to:

- An exclusive design
- Variable speed
- Hooks and beaters perfectly adapted to the bowl for even mixing of even the smallest quantities
- Utensils, bowl and splash guard that are 100% dishwasher safe.

CUTTING MACHINES

ELECTROLUX

Electrolux Professional's wide range of slicers is designed to create elegant and sophisticated preparation of the highest quality, with perfect hygiene. Our slicers are equipped with unique safety device that shields the blade, even during cleaning.

CHEFCART

LIVECOOKINTABLE®

- Extendable worktop from 120cm to 180cm
- Space for plates of diam. 25cm
- Integrated waste bin
- Space for bottles and spices
- Integrated cutlery tray
- Compartment for 3 GN trays
- Storage space for a thermobox

JTB COLOUR TRENDS

We are proud to once again present our inspiring colour trends!

Due to the enthusiasm and popularity of these trends, we decided to highlight them a second time. These timeless colour palettes remain relevant and once again offer a source of inspiration for your projects. Be enchanted once again by the versatility and power of these trends!

NATURE ESSENTIALS

JTB COLOUR TRENDS

Nature is an endless source of inspiration and 'Nature Essentials' trends bring this natural beauty straight to your table setting.

With 'Nature Essentials', we embrace subtle hues and textures found in nature. From beautiful earth tones to a soothing white.

Fresh ingredients look stunning on tableware that mimics the natural world, and green is now a hugely popular choice for tableware.

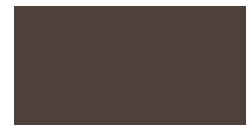

Make the green colour stand out even more by combining it with the beautiful earth tones.

PASTEL HARMONY

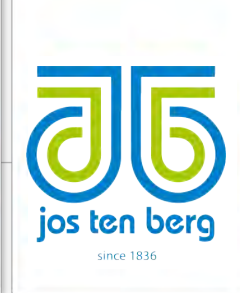

JTB COLOUR TRENDS

Discover beautiful pastel colours with 'Pastel Harmony'. Inspired by the soft colours of pastel shades, Jos ten Berg brings you inspiration to transform your table setting into an oasis of tranquility and style.

With 'Pastel Harmony', subtle and delicate colours such as terracotta, sand, grey and green take center stage. These shades bring a sense of calm to every meal.

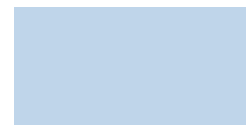

With the soft and dreamy look, you can create the perfect table setting for any occasion
